## Introduction to MN Campus Alliance

### Our Mission

MN Campus Alliance strives to build a statewide network of individuals and organizations working for equity and justice on issues of gender and sexual diversity; empowers the voices of groups that are underserved and underrepresented in our campus communities to become advocates and allies of change; and create welcoming, affirming, and safe environments on college and university campuses throughout the state of Minnesota.

### Our Vision

The MN Campus Alliance envisions a Minnesota where every college and university campus is welcoming, safe, and affirming for all students, staff, faculty, alumni, and community members with regard to gender identity, gender expression, or sexual orientation.

### Our History

In 2004, under the coordination of individuals from Metropolitan State University and OutFront Minnesota, students and staff from private colleges, the Minnesota State Colleges & Universities System, and the University of Minnesota System met to discuss creating a statewide network to support students, staff, faculty, alumni, and community members working for change on Minnesota campuses. In March 2006, an interim leadership team was created at the first annual **Minnesota OUT! Campus Conference (MOCC)**. At MOCC 2006, the first MN Campus Alliance Executive Board was elected, comprised of students, staff, faculty, alumni, and community members from colleges and universities around Minnesota. Since then we have trained over 3,800 people across the state of Minnesota.

### Statement of Diversity and Inclusion

The MN Campus Alliance is committed in affirming the dignity and promoting the diversity and respect of all persons in our campus communities with regard to one's gender identity or expression, sexual orientation or identity, sex, affectional preference, race, ethnicity, culture, age, religious or spiritual belief, class or socioeconomic status, residential status, military or veteran status, political affiliation, marital or familial status, disability/ies (visible and/or invisible) or openness of any of the aforementioned.

The MN Campus Alliance is steadfast in breaking the silence surrounding gay, lesbian, bisexual, transgender, transsexual, Two Spirit, intersex, queer, questioning, genderqueer, gender variant, pansexual, omnisexual, asexual, and allied persons. Through open meetings, presentations, trainings, social gatherings, and conferences, the MN Campus Alliance will promote learning and understanding surrounding the mosaic of diverse experiences, identities, and cultures working for peace, justice, equality, and respect for all persons in society.

All abuses of this gift, such as premarital sex, extramarital sex, and homosexuality will not be tolerated, but dealt with in a spirit of repentance and forgiveness, as the Scriptures instruct. ***The Oak Hills Christian College Student Handbook states, “By contrast, followers of Jesus Christ will repent and flee from sinful attitudes or actions such as: ... Sexual sins: immorality, lust, adultery, homosexuality, immodesty, orgies, and pornography ... Homosexuality is a huge issue in the United States. Christ-followers must love the person, yet hate the sin, and understand how to be a godly influence as this becomes more of a cultural and political topic. The Bible says that homosexuality is a sin (Romans 1:26-27), yet it is not more sinful than heterosexual sin. Neither struggle should be targeted for humor or condemnation. Students will be assisted to the best of our ability, regardless of what they have struggled with in the past or what they are struggling with now. If you have been hurt by others or have hurt yourself in sexual sin of any kind, please know that you are not alone and that we want to help you experience God’s forgiveness and healing grace.”***
